### Packaging

Box size: **78 x 42 x 21 cm**

Weight per box: **6,2 kg**

 **100**    **25**

### Personalization

• **Sublimation** : A technique that is only used on predominantly polyester and white or even light-coloured substrates, sublimation is the method that offers perfect definition and brilliance of the printed colours. There is no limit to the number and arrangement of colours. The other great advantage of this technique is that there is no difference in feel between the marked and the blank areas.
